

Too many Christian groups are not accountable to a local church. This is a problem that Wheels of Faith MM addresses.

WOF members are required to attend church and be accountable to the church leadership.

WOF will not take people out of the local church for rides and events. Our focus is to build the local church through Fellowship, Discipleship, and Evangelism, and church attendance is required.

Wheels of Faith Motorcycle Ministry (copyright 2000) was created in February 2000. This ministry was established to be a church sponsored ministry, where the church pastor chooses the leadership for his church. WOF MM was designed to build the local church. WOFMM national because a non-profit in 2015.

Wheels of Faith MM History

In 2013 Jeff DeWitt became the National President of Wheels of Faith MM. Jeff and his wife Susan have been members and leaders of Wheels of Faith since 2004. They have worked to growing the Wheels of Faith MM thorough new chapters and out reaches.

Wheels of Faith MM believes whether it is a motorcycle, a classic car, or an off road vehicle, it can be just the common link a Christian needs to begin to witness. Wheels of Faith MM is a resource that has been developed for the local church. It is a powerful tool used to draw Christians to commit to the local church.

In 2000 Doctor Scott and Sally Bush who were Assemblies of God Motorcycle Chaplain founded Wheels of Faith MM out of his love for winning souls.

Chapter _____

WHEELS OF FAITH MM

Wheels of Faith
Motorcycle Ministry & Riding Fellowship

Fellowship

Helping to build the local church with small group ministries.

There is a fellowship among those who ride motorcycles, that's born only from the experience of riding. This common bond creates unique opportunities for evangelism and fellowship.

It doesn't matter what you ride. It doesn't even matter if you are currently riding. Fellowship among believers with like interests, it's the Wheels of Faith MM way!

Riding together is great, but sitting around chatting over hot bakery goods with coffee or hot chocolate is well it doesn't get a whole lot better than that.

Discipleship

Each Christian is part of the body of Christ and offers their own unique perspective, experiences, and knowledge. We all grow deeper in our walk through a discipleship that is based upon relationship with each other and Christ. Together we offer one another accountability, integrity, and loving support.

What does it mean to be a disciple? For some it means to be a student of a person or teaching. Although this is accurate, there is a more literal meaning. A person who submits to a disciple, or one who discipled themselves to a teaching.

While many people study Christianity, those who disciple themselves to the teachings of Christ are fewer. Remember, its one thing to know who Jesus is and quite another to submit ones self to him as Lord and become obedient to his teachings which are his will for us.

Evangelism

Sharing what the Lord Jesus has done in our lives is vital to spreading the Gospel. Every Christian has a testimony, and each of us needs to be ready to share the hope that we have.

Let's face it. We all love to ride. And if we are honest with each other we all love to ride as a group. The WOF offers the opportunity to ride in a group safely with purpose. What kind of purpose? Well, let's ride, lets eat, and lets share the love of our savior.

Wheels of Faith MM is dedicated to reaching the lost, disciplining the believer, and developing relationships within the body of Christ.
